Junior Tennis Clinics

Programs Dates: April 22 to June 09

At MRSC we use the USTA Net Generation format which provides a unique opportunity for younger players to be introduced to the fundamentals of the game. The courts, balls, rackets and nets have been resized for children who are learning the game. Our goal for all levels in our junior program is to have fun, learn the fundamentals of the game and advance to the next level by working hard. Our three levels of development include recreational, introduction to competitive, and competitive.
